Avocational Courses: Effect Pedal Wiring, Vacuum Tube Amplifier Assembly, Pickup Winding, Lap Steel Construction

"Evan's bass design is creatively ambitious, yet aesthetically pleasing. It is a refreshing mix of both form and function" – John Reuter, Director of Training

WORK EXPERIENCE

Evan Hosni Audio – Issaquah, Washington

December 2020 – Present

Sound Design, Music Composition, Foley, Audio Production – Since graduating from Berklee, I have worked on two large-scale projects as an independent contractor. My clients and the scope of the projects are listed below:

DMAC Studios / Ultimate Invasion – Palm Beach, Florida

- Achieved IMDb credit as Sound Designer and Composer for all 8 episodes of Amazon Prime Video series, Ultimate Invasion
- Collaborated with Director Greg LeSar regarding the creative direction of the show's audio and executed decisions under time-sensitive deadlines

Green Mouse Academy – Palm Beach, Florida

- Produced audio for 80+ children's educational videos to date
- Worked cohesively with a team of editors to complete projects on time and developed strategies to streamline workflow

"Evan masters the art of storytelling through audio. He was born to do this" – Greg LeSar, Director/Writer – Ultimate Invasion

"Evan, you are a talented professional and an absolute pleasure to work with" – Shane VanderKooi, CEO – Green Mouse Academy

Guitar Center – Tukwila, Washington, Redmond, WA

July 2015 – March 2021

Repair Technician – 2015 - 2019

Area Specialist – 2019 - 2021

- Cultivated a dedicated customer following by focusing on the customer experience
- Recognized by D'Addario Musical Instruments as a top performer in 2017
- Developed promotional programs to engage repair techs in incremental selling activities

"a god among repair techs, and an overall cool guy" – Owen, Customer
